

Bible Reading Plan

This plan is a guided tour, an overview, of the Bible's high points. It isn't a substitute for mastering the whole Bible, but will be an introduction for thoughts about further study wherever God may take you. Understanding the Bible isn't for the few, the gifted, the scholarly. The Bible is accessible. It's meant to be read and comprehended by everyone from armchair readers to seminary students. It is roughly in chronological order. It will cover every book in the Bible in approximately 15 minutes each day.

It is recommended that students and families read the passage separately and then come together later to discuss the concepts contained within. As part of your Christian schooling, your teachers will be working with you to help you understand the text so it is a good idea to read and think about it before you come to class and have discussed it with your family.

Sometimes you'll miss a reading, don't worry; just resume reading where the rest of the class is.
